AFFILIATION WITH SUBVERSIVE ORGANIZATIONS:

Subject is a member of the Los Angeles County Communist Party.

BACKGROUND:

On February 16, 1943, Source A furnished the Los Angeles Office with a copy of a letter addressed by Subject, as HARRY HAY, to the Chairman of the Membership Committee of the Los Angeles County Communist Party. This letter reads as follows: (U)

"940 South Windsor Blvd,
Los Angeles, California.

April 2, 1938.

Chairman,
Membership Committee,
Communist Party,
Los Angeles, California.

Dear Comrade:

"Please find enclosed my application card for re-entry into the Communist Party. I first joined the Party in the Spring of 1934, and was proposed by [redacted] of the Hollywood Unit then known as [redacted]. I believe that my membership card was issued under the name of Karen Hunter. I was just past 22 at the time, and I'm afraid my allegiance a purely emotional one. The Sunday School instruction for new members by the unit, at that time, was purely perfunctory. And the policy of the unit organizer and particularly my sponsor, [redacted] was one of shoving the new member into action out of which they hoped to God political development would eventually spring. Unfortunately, in my case, things didn't work. The deeper I got into party work, the more questions I needed answers to. And I'm afraid the general attitude of my comrades at that time was that the things I wanted clarified, and the pointers I wanted correction and rationalization on, were clear (U)

~~CONFIDENTIAL~~

indications of Trotskyite thinking, and the less I opened my yap about those worries the better. Then, eventually and inevitably, because I was a member of the New Theatre of Hollywood whose activity was mainly agit prop, the question came up about form and content in major Theatre Productions. The actual problem was the putting on of Stevedore. I got the idea that there were enough actors in the movement who knew the business, and could train interested amateurs to complete the lists, to put on social plays that were "good theatre". My point was that a Labor Theatre was a powerful wedge in putting across the United Front with the bourgeoisie who would go to see a well produced play when they would run from the sight of the New Masses. My argument was that content wasn't enough for a good show. I said that you had to have form, the discipline and the fairly well-regulated communication of the professional stage to get the content across to average bourgeoisie. Well, I didn't get anywhere with my complaints. And I wasn't even well grounded enough in party procedure to know that I could have gone from my fraction to the section, and on up, with my criticisms. So I figured that I could do more outside the party in this theatre business. So I dropped out, and eventually helped organize the Theatre Group of Hollywood, who put on Waiting for Lefty at the Hollywood Playhouse, and through them the N.T.D. Council of Los Angeles. Now, all those groups and affiliates are defunct through a lot of very obvious wrong policies and deviations from the correct line. Having lived and argued through most of these dying-outs, I see now a need for such an organization even more vitally than before. Only this time, I see how it's got to be approached, how it's got to be organized, and how it's got to be controlled. (Excuse all this yapping, but I realize this re-application is serious business. And I'm trying to imply that I can see all too clearly that, in a small way, the odorous smell of left-theatre confusions in L. A. are my fault. Because I couldn't take the gaff of hanging onto my former membership, and hammering out my own confusions.)

(U)

"In re-applying, I'm using a name, Mac'h Eann, which is one of the gaidhlic appendages of my own name, Harry Hay, a name I want to write under when I get better known. And I'd like to get into one of the unexposed Studio units, for the following reasons: I'd like to get the ball rolling towards the establishment of a "Labor Front Theatre to produce on a commercial basis, although a non-profit one. I think the three powerful Guilds, the Screen Actors, the writers, and directors owed to be tied into it. This I think could be done through the fractions, and a number of heretofore uncommitted members who have distinct left tendencies. The idea is generally a trade union theatre, (The Guilds, although bona fide independents, are definitely on the Trade Union trend.) pro-

(U)

ducing for activized trade union audiences the problems they want to hear about by Trade Union writers who have the right approach, as well as the facilities for investigating those problems, directed by directors who have functional ideas about new theatre, and performed by actors who are beginning to see where the solution to their problem lies. at first, you're going to have transient players, those who come from the bottom through your theatre and go on to gilt-edged contracts. But my contention is that eventually you can weed out of the congregation of opportunistic-actors a repertory of people who will be more content to work on a steady salary and get their teeth into virile, alive, parts that have guts to them, even though their pay is only the minimum afforded by equity. You've got a magnificent start in as far as audience are concerned, there are so many organizations that can be activised, perhaps even the trade union locals can be persuaded to subscribe for seats on certain nights of the month. And once you get a theatre that's playing good shows to enthusiastic audiences for three or four weeks, it's only a matter of time until the jaded bourgeoisie finds itself coming at least once for each day. (U)

b6
b7C

"I can't discuss all the angles and all the proper points concerning this matter in a letter. However, I think it is easily seen that such a project being put over could give the cultural front a tremendous prestige that could in time be expanded to a greater part of the west coast. Such an organization, for instance, could give tremendous impetus to recreational laboratory-theatres, and agit-prop theatre workshops, as well as inter-racial groups, through their cooperation and support. For these reasons I'd like to get into one of the studio units because there I'd be working with people who know the professional theatre with its successful mass approaches, such as those formed in New York, and its problems. And for my mass organization affiliation, I'd like to be assigned to the Cultural Commission and help make that a living vital thing. (U)

"I took a study class in beginner's economics, the people's front, and the party, from [redacted] at [redacted]. So for reference, although I would not be entering any of their units perhaps, I suggest [redacted]

[redacted] at the Twentieth Century Bookshop. (U)

"Hoping you can see your way clear to re-instating me in the party under not too much of a cloud, I am (U)

"Sincerely yours, (U)

/s/ HARRY HAY

came through the mail, the chances are ten to one that I would never receive it. As it is, I have to read my literature on the outside. The favorite practice in this house is to search my room, and burn anything that is faintly tinged with any other color than white or "rightism". (S) (U)

Los Angeles File 100-18762

Dear Sir:

A review of the files at the Bureau in connection with this subject has revealed that a report has not been received from your office concerning this subject since the report of Special Agent [redacted] dated 11-6-45 at Los Angeles, California.

b6
b7C

While it is realized that existing instructions do not require that a report be submitted periodically on Security Index card subjects unless the subject is also a top functionary, it is felt that in view of the tense international situation at the present time, a new report should be submitted setting forth the extent of the subject's present activities in connection with the Communist Party and related groups in order that the Bureau will be in possession of current information concerning each one of those subjects who are considered a threat to the internal security.

In submitting this report, the Bureau desires that you incorporate in summary form the information contained in your files not previously reported. Information of substantive nature only should be set forth and repetitious material should be avoided. Where a description of the subject has not been reported, that, too, should be included in the report and also placed on the reverse side of the Security Index card in accordance with the instructions outlined in SAC Letter No. 57, Series 1948, dated April 10, 1948.

In the event the subject's current address is not the same as that which appears on the Security Index card, you should correct the Security Index card and forward Form FD-119 to the Bureau in order that the Security Index card at the Bureau can be corrected.

In order that the Security Index will contain only the names of those individuals who can be considered to be a threat to the internal security of this country, the Bureau desires that you carefully appraise this case and if it appears that the subject, based on his present position and activities or past position and activities, cannot be considered such a threat, then in addition to submitting this report, you should recommend that the Security Index card be canceled.

Gentlemen:—

There is a saying that blood is thicker than water. — However, the security of the United States is more important to me than anything else. —

Ever since I learned (in New York) in 1940 that one of my relatives is a member of the Communist Party — as his wife is also —

I have been wondering if it is my duty to the United States to report

"Dear Comrade:

"Please find enclosed my application card for re-entry into the Communist Party. I first joined the Party in the Spring of 1934, and was proposed by [redacted] of the Hollywood Unit then known as [redacted]. I believe that my membership card was issued under the name of KAREN HUNTER. I was just past 22 at the time, and The deeper I got into party work, the more questions I needed answers to..... Well, I didn't get anywhere with my complaints. And I wasn't even well grounded enough in party procedure to know that I could have gone from my fraction to the section, and on up, with my criticisms. So I figured that I could do more outside the party in this theatre business. So I dropped out,.... (U)

"In re-applying, I'm using a name, MAC'H MANN, which is one of the gaidhlic appendages of my own name, HARRY HAY, a name I want to write under when I get better known. And I'd like to get into one of the unexposed Studio units, for the following reasons:- I'd like to get the ball rolling towards the establishment of a "Labor Front Theatre to produce on a commercial basis, although a non-profit one.... This I think could be done through the fractions, and a number of heretofore uncommitted members who have distinct left tendencies. And once you get a theatre that's playing good shows to enthusiastic audiences for three or four weeks, it's only a matter of time until the jaded bourgeoisie finds itself coming at least once for each play.... (U)

"For these reasons I'd like to get into one of the studio units because there I'd be working with people who know the professional theatre with its successful mass approaches, such as those formed in New York, and its problems. And for (U)

Re Los Angeles letter dated 2/23/54.

Information Section, Central Office, Immigration and Naturalization Service, advised SE [redacted] on 4/7/54, that a search of the files of the Central Office failed to disclose any record for the subject or his father. It is pointed out that in the event subject's father was naturalized in 1892, such a record of naturalization would have to be obtained from the court in which he was naturalized since naturalization records at the Central Office do not go beyond 1906.

WFO is causing a search to be made of the records of the Passport Office, U. S. Department of State, with regard to subject and his father in an effort to develop information concerning their citizenship status, it being noted that subject's father is a mining engineer for the Guggenheim interests and is alleged to have travelled extensively. The files of the Passport Office, Department of State, reviewed by SE [redacted] on 4-19-54, disclosed that HENRY HAY, subject's father, was issued Passport No. 36617 on 7-6-14 for a proposed trip abroad of three years, no purpose or proposed itinerary given. HENRY HAY stated that he was born on 11-24-69 in New Zealand, had immigrated to the United States from Auckland aboard the ZEALANDIA in February, 1884, and had resided in Los Angeles, California until 1895 after which he had made trips abroad to Mexico, Europe, and South Africa, in the mining profession. He indicated that he was naturalized in the Superior Court of Alameda County, Oakland, California, on 6-24-92 while attending the State University. His permanent residence was listed as Covina, Los Angeles County, California. The identifying witness was [redacted] who stated he had known HENRY HAY for thirty years. No further information was available.

The files of the Passport Office, reviewed by SE [redacted] on 5-7-54, further disclosed that Passport No. 3814 was issued to subject's mother, MARGARET N. HAY, on 10-21-14 in London, England, to visit South America, no additional details given. In her passport application dated 10-21-14, she indicated that she was born on 8-10-87 in Fort Bowie, Arizona, had left the United States in July, 1904, and was then residing at Home Leigh, Worthing (England). She claimed Los Angeles as her permanent residence. No further information was available.

It is noted in connection with subject's father's naturalization in 1892 that naturalization records prior to 1906 are not maintained at the Central Office of the Immigration and Naturalization Service but in the individual court where the naturalization occurred.

SUBJECT: HARRY HAY, was.;
SECURITY MATTER - C.
(OO: Los Angeles)

Rerep SE [redacted] May 21, 1954 at Washington,
D. C., and re Los Angeles letter to the Bureau February 23,
1954, of which Washington Field has a copy.

The files of the Los Angeles Office contain no additional
background information identifiable with either [redacted] b6 b7c

[redacted] who were named in connection with the physical description
of subject furnished in relet.

It is noted that subject was only a little over four
years of age when he reportedly entered the United States in
November, 1916, and it is therefore possible that if subject's
brother and sister are younger than subject, that they may have
been born in the United States subsequent to November, 1916,
in which case there would be no record of any entry on their
part into the United States.

If a check can be made with the limited information
available, the Washington Field Office is then requested to cause
a check to be made of the records of the Central Office, INS,
or the Passport Office, U. S. Department of State, for any
record of entry into the United States of subject's brother
and sister, both above named, in an effort to thereby obtain
information concerning subject's entry into the United States
and his citizenship status.

DATE: February 28, 1956

SUBJECT: HARRY HAY, was.

OO: Los Angeles.

Rebulet 1/18/52 captioned "CP, U.S.A., District 13, Los Angeles Division; IS - C".

HARRY HAY testified before the HCUA in Los Angeles, California, on 7/2/55, in public session. His testimony appears in the HCUA publication "Investigation of Communist Activities in the Los Angeles, California area", pages 1872-1875, and is maintained in Los Angeles 62-1664-1B24.

HAY refused to answer any questions concerning membership or activities in the Communist Party or Communist Front Groups, basing his refusal on the First and Fifth Amendments.

By Los Angeles letter to the Bureau of 6/16/55, it was recommended that HAY be removed from the SI in view of the lack of information to indicate that he had been active in the Communist Party or Front Groups since 1950, except HASP membership in 1954, and the Bureau concurred with this recommendation. This case has been re-evaluated in the light of current SI criteria, and it is recommended that HAY continue to be kept off of the SI since there is no evidence of activity on his part since 1950, except for HASP membership in 1954.

No request for interview is being submitted at this time, inasmuch as it is believed that an attempt to interview HAY would be unavailing in view of his refusal to testify before the HCUA. No further investigation is being conducted at the present time and this case is being placed in a closed status.

HAY was apprised of the jurisdiction of the FBI in security
matters. He immediately stated that he had nothing to say
and did not wish to talk to the FBI and terminated the
interview.

[It is noted that HAY joined the Communist Party (CP) in Los Angeles in 1934 and dropped out and rejoined it in 1938. He is not reported to have attended any CP meetings since the early part of 1950. He declined to testify before the House Committee on Un-American Activities on 7/2/55, invoking the First and Fifth Amendments.] (U)

In view of the lack of activity of subject since 1950 in the CP and lack of CP front activity during the past five years, it is recommended that consideration be given to removing subject from the Security Index.
